EXPEDITION PROGRAM

Create New Possibility in a Rapidly Changing World

The world in which we live our professional and personal lives doesn't look, feel or operate like yesterday's. The methods of predicting, planning and executing are not broken, just simply incomplete.

Studio/E's **90-day Expedition Program** will equip you with the proven practices of Exploratory Leadership and connect you within a diversely-experienced cohort to help you confidently explore the unknown, launch new ideas and navigate ambiguity to produce better outcomes.

“

Exploratory Leadership is about building the mindset for being open, being curious, being comfortable with not knowing. It's a process and it comes to you as you're on the path.
